

Co-funded by  
the European Union

# Cultural Differences

And the problems and the affects they  
create

# Refugees

It affects all countries in a different way. But these problems are mostly negative, and affects the countries in a bad way.

The cause of problem is mainly cultural differences. And there are a lot of different problems that they create.

# Religion

Every country that is here is secular countries.  
But the population about some religions make big differences.

# Family Relationships

Every country has its different ways of expressing themselves especially in their family relationships.

# Food

The continents that we are located on affects our country's cuisine as well. And so we all have different kinds of foods.

# Music

Music is very important for all people, and we all have our likes and dislikes for music too.
